#### MAYOR'S EXECUTIVE REPORT:

Mayor Foulcard presented his report. He stated that on October 25, 2022, Lt. Governor Billy Nungesser attended the groundbreaking ceremony for the 5th St Fishing Pier/Kayak Launch which created the only loop paddle trailhead in the State of Louisiana. In January, 2023, the Fishing Pier/Kayak Launch was installed and made available to the public to use for fishing, launching a kayak or simply sitting by the water and enjoying the outdoors. This project was the result of a grant issued by the State of Louisiana through the Federal Highway Administration (FHWA) Recreational Trails Program.

He stated that about 20 years ago Councilman Joseph Garrison advocated for a fishing pier to be placed at this location due to the many people walking to fish the Franklin Canal from that location. In 2019 when he took office he vowed to begin a Revitalization Movement throughout the City. At that time his administration began to meet with all State Agencies and began requesting grants that would benefit our community as is continued today during his second term of office. Mayor Foulcard stated that his Administrative Assistant, Mrs. Tammy Rogers and Public Relations Director/Main Street Director, Ed "Tiger" Verdin applied for the grant through the Office of Recreational Trails and saw it through its many challenges of its 3 1/2 year process. He mentioned that the project is not complete; improvements to the parking area, additional lighting and family seating are currently in the works.

Mayor Foulcard was pleased to announce that on August 5, 2023, the City of Franklin was recognized by the Louisiana Municipal Association for this project by being awarded first

place for the Louisiana Municipal Association Community Achievement Award in the category of “Economic Development” for its development of the 5th St Fishing Pier/Kayak Launch. He stated that this is a project that the City is very proud of and he and the Council know it will be utilized and enjoyed by many local citizens as well as tourists over the many years to come.
